

LICENSE AGREEMENT

God Help Me (GHM) — SaaS Automated Trading Strategy Software for Cryptocurrency Futures

Version: 3.0 **Effective date:** July 1, 2026

1. SOFTWARE LICENSE

God Help Me (“GHM”) is a software project that combines open-source components and proprietary development.

The GHM code and materials are made available under the following terms:

- **Personal use:** permitted, for automation of trading strategies on the user’s own account.
 - **Commercial use:** permitted, subject to the restrictions below and the applicable subscription terms.
 - **Modification:** permitted for own use, provided that references to the original project and copyright notices are maintained.
 - **Distribution:** permitted, provided that the terms of this license and the licenses of third-party components are fully respected.
 - **Warranty:** the software is provided “**AS IS**”, without warranties of any kind, express or implied.
-

2. THIRD-PARTY COMPONENTS

GHM uses, among others, the following open-source components:

- **Freqtrade** — automated trading framework (GPL-3.0).
- **python-telegram-bot** — Telegram integration.
- **ccxt** — integration with multiple cryptocurrency exchanges (Binance, Bybit, Bitget, Gate.io, OKX, and others).
- **pandas, numpy, scikit-learn, ta-lib** — data analysis and technical indicator libraries.
- **Other components** listed in the project’s dependency files.

The user must respect the specific licenses of each third-party component. The complete list of dependencies and their respective licenses can be found in the project files.

3. RESTRICTIONS

The following are prohibited:

1. Using GHM for illegal, fraudulent activities or those that violate applicable Brazilian or international law.
 2. Removing credits, trademarks, copyright notices, or legal notices from the software.
 3. Distributing the software as if it were one's own product without express authorization.
 4. Using the code to create a competing product that reproduces the visual identity, name, or God Help Me brand.
 5. Reselling, sublicensing, or redistributing access to the SaaS service without authorization.
 6. Reverse engineering proprietary strategies for competitive purposes.
 7. Using the software for market manipulation, wash trading, or any other illegal practice.
-

4. DISCLAIMER OF LIABILITY

The software is provided exclusively for the purpose of automating trading strategies. The GHM operator is **not liable** for:

- Financial losses of any kind.
- Direct, indirect, incidental, consequential, or punitive damages.
- Lost profits or missed opportunities.
- Execution failures, bugs, or unexpected behaviour.
- Unavailability of exchanges, third-party APIs, or infrastructure.

Backtests, simulations, and demonstrations do not constitute a guarantee of future results. The user is solely responsible for their financial decisions and for the use they make of the software.

5. INTELLECTUAL PROPERTY

The name "God Help Me", the brand "GHM", logos, proprietary documentation, and trading strategies developed specifically for GHM are the exclusive property of the operator.

Use permitted under the terms of this license does not transfer to the user any intellectual property rights over GHM.

6. TERM AND TERMINATION

This license remains in effect while the user uses the software and/or maintains an active subscription. Breach of any provision of this license results in its automatic termination, ceasing all rights of use granted herein.

7. GOVERNING LAW

This license is governed by the laws of the Federative Republic of Brazil. Disputes shall be resolved in the courts of the District of São Paulo/SP, Brazil. For EU/EEA users, the GDPR applies regarding data protection matters, and mandatory consumer protection laws of the country of residence apply where relevant.

8. CONTACT
